

The Office of Career Services and Internships and the Office of Alumni Relations collect data on graduating seniors to identify their plans after graduation. A report is developed from the data that details post-graduation plans (i.e., employment, graduate/professional school). This data is reported to the Office of Institutional Effectiveness and the Office of Institutional Research for use in responding to external and internal requests for employment placement and graduate school attendance rates. The compiled data for the last three years are listed below

Known Placements 2007--2011

	2007-2008	2008-2009	2009-2010	2010-2011
Total Graduates	196	199	215	338
Employed	61 (31.12%)	75 (37.69%)	104 (48.37%)	136 (40.23%)
Graduate School	3 (1.53%)	17 (8.54%)	10 (4.65%)	66 (19.53%)
Other				34 (10.06%) Students that do not plan on obtaining employment
Placement Rate	(32.65%)	(46.23%)	(53.02%)	(66.45%)
