

Celebration of Academic Excellence

Fifth Annual Research Colloquium

November 14, 2018

Cumberland
UNIVERSITY

Schedule of Events

7:45am–8:00 a.m. Dallas Floyd Memorial Gym / Opening Session

Welcome: Dr. Paul C. Stumb, President

Introductory Remarks: Dr. Sheridan Henson

All students and presenters should plan to attend.

8:00–9:00 a.m. Dallas Floyd Memorial Gym / Poster Presentations

Session I: 9:10am – 10:10am

Session II: 10:25am – 11:25am

Session III: 11:40am – 12:40pm

Lunch (on your own): 12:45pm – 2:00 pm

Classes resume at 2:00pm.

Today we gather as a campus community to explore opportunities to enrich our understanding of a variety of topics both research- and interest-based through student and faculty presentations as well as research from the broader community. We invite you to join our celebration of scholarship and efforts to publicly acknowledge the academic excellence of faculty, students and community members.

***Please refrain from using cell phones and other electronic devices during the presentations.**

Poster Presentations

8:00am – 9:00am

Dallas Floyd Gymnasium

Postpartum Depression in Women: Is Prenatal Education more Effective in Treatment?

Presenters: Morgan Carter, April Camp, Michelle Woods, Brooke Summerline, and Peyton McMahon

Bedside or Nurses Station Report: Is there a Difference?

Presenters: Sarah Jones, Melody Carroll, Dustin Tirey, Kelsey Smiley, and Anna Norwood

Pining For the Smell of Christmas

Presenters: Cody Byers and Andrea Woywitka

Is There a Difference in Complications in Hospitalized Males Undergoing Indwelling or Condom Catheterization?

Presenters: Taylor Cox, Joshua Hagood, Melissa McCollum, Jennifer Turner and Brionna Wilson

Suicide Rates and Hospitalization: Is There a Difference in Recovery?

Presenters: Kara Hackett, Katie Eldridge, Chelsea Garland, Brianna Owen, and Mercedes McCollum

Does CBD Oil Benefit Chronic Pain?

Presenter: Ashley Barnett, Dilfuza Khamidova, Lynnita Moffett, Schyler Moore, and Kaylei Smith

Does Caffeine Intake During Pregnancy Effect the Newborn?

Presenters: Shelby Dennis, Devin Garner, Kelsey Wright, Heather Whitlow, and Christina Shacklock

Is a High Fat Low Carbohydrate Diet More Effective For Glucose Management *In Adults with Type II Diabetes?*

Lydia Kiser, Anthony Ellison, Lydia Kiser, Brittany Rasmussen, Hope Thomas, and Lauren Whitaker

Can Acupuncture help Provide Additional Pain Relief in Females with Endometriosis?

Presenters: Anna Epstein, Abby Walker, Celina Sydlo, Kalley Bernhardt, and Lacy Stacy

Cryo - Electron Microscopy, 2017 Chemistry Nobel Prize Winner

Presenter: Lukas Hollis

Are Chronic Pain Patients Achieving Better Pain Management With the Use of Opioids and Medical Marijuana Compared to Opioids Alone?

Presenters: Ashley Dobbs, Kamilah Johnson, Stephany Kwan, and Blake Mohamed

Instagram in the Age of Digital Marketing

Presenters: Sara Drummond, Gavin Duvall, and Audri Bowman

Social Media Marketing for Dummies

Presenters: Keanna, Josseline Constanza, Giny, Alex, Jordan

HCG Wipes Vs. Soap and Water: Which is Better in Reducing Bloodstream Infections?

Presenters: Eliza Claire Neese, Chase Sullivan, Cinthia Zarate-Jimenez, Leslee Waynick, and Brigid Antonelli

Flu Vaccine in School-Aged Children: Is it Worth It?

Presenters: Jessica Beardslee, Kayla Sells, James Lackey, Megan Rice, and Walter Morton

Which is Safer for Alzheimer Patients: Chemical or Physical Restraints?

Presenters: Anh Nguyen, Sydney Smith, Holly Krantz, and Hailey Boger

Postpartum Depression and Prenatal Education

Presenters: Bethany Jenkins, Danyella Apple, Rebecca Butler, Ryan Richardson, and Alexandria Swafford

CAUTI Bundles: Are they Effective?

Presenters: Meri E White, Tucker Vaught, Alexandria Dodson, Charles Frederick, and McSteven Oallares

Lasting Effects of Child Sexual Abuse

Presenter: Arielle Berry

Gun Violence and the Southern United States

Presenter: Autumn Finley

The Evolution of Virtuality in Marketing

Presenters: Telvin Rucker and Marquesas King

Digital Marketing

Presenter: Coleton Thomas, Ian Spence, Dominic Patton, and Brandon Levier

How Virtual Reality Affects Marketing

Presenter: Marquesas King, Telvin Rucker, and Chris Swann

Minimizing Compassion Fatigue Among Oncology Nurses

Presenters: Patricia Benamon, Chasiety Turner, Denise McMurray, and John Decker

It's Time to Melaton-it Down

Presenters: Lauren Jaykus and Haven Rogers

DNA Crime Scene Analysis

Presenter: Elizabeth Henderson

Stress Management Techniques

Presenter: Julia Pardue

Is It More Effective to Receive the MMR Vaccine in the Prevention of Contracting Measles in School-Aged Children?

Presenters: Lindsey Basham, Alexandra Collazo, Jenna White, Brooke Havelin, and Racheal Magallanez

The Charlotte's Web of Today: the Synthesis of Glycine

Presenters: Tyler Poston and Riley Kilian

Social Media Addiction

Presenters: Justin Flores, Edward Gordon, and Casey Gillespie

Oh Deer! Urine for Some Knowledge

Presenters: Jake Yarbro, and Jarred Derflinger

How Epibatidine is Used as a Contact Poison and in Medicine

Presenter: Kaytlin Smith

The Monster Enzyme Him: DNA Profiling

Presenter: Leah Kendallin

Opioid Abuse: Are there Differences in Treatment between Adolescents and Adults?

Presenters: Brandia Wright, Whitney Lowe, and Brittany Jones

This Little Luciferin of Mine

Presenters: Joshua Croley and Ashttan Sims

Who Stole the Cookie From the Cookie Jar?

Presenter: Emily Lane

The Science Behind DNA Forensics

Presenter: Amber Estes

Stress Levels Among College Students

Presenters: Kristen Krogh

Forensic Science Usage of DNA

Presenter: William Patterson

Online Education and Student Engagement

Presenters: Melissa Somerville and Nicole Powell

Enzymatic Synthesis of ATP, Do You Know What I Mean?

Presenters: Kyle Beale and Trent Payne

Switched at Birth--DNA in Forensics

Presenter: Lacey Huffman

Bruce Beutler's Discovery of Innate Immunity

Presenters: Louie Viciconti

Clue in Real Life

Presenter: Keita Spaulding

DNA Analysis: Who Did It?

Presenter: Stephanie Tackett

Telomeres: The Tell-all of Aging

Presenters: Kayla Tomlin, Sarah Marie Tibbs, and Hannah Leonard

Sexual Orientation and Its Link to Depression

Presenter: Daniel Moore

Polymerase Chain Reactions in Forensic Studies

Presenter: Dustin Dise

DHM

Presenters: Tensaye Taye and Katherine Griffith

Session I 9:10 – 10:10 a.m.

BAIRD CHAPEL

Cordell Hull and His Legacies: Champion of Civility

Presenter: Dr. Galen Hull

Dr. Galen Hull will present on his new book about one of Cumberland's most famous alumni, former Secretary of State Cordell Hull.

HEYDEL AUDITORIUM

Sobering Data on the Effects of Alcohol on Physical Performance

Presenter: Dr. Jason Grindstaff

Inspired by a presentation at a national coaching conference, this presentation will simulate an approach to athlete education on the effects of alcohol on physical performance. Athletes and non-athletes are encouraged to attend given everyone "performs" on a daily basis.

LABRY HALL 130 TIERED CLASSROOM

American History and Culture Through the Eyes of Disney

Presenters: Dr. Natalie Inman, Ms. Julia Friddell, Ms. Jennifer Novo, Ms. Connie Sink

This presentation will give an overview of the trip course, American History and Culture through the eyes of Disney. It will feature special guest and former student Julia Friddell.

LIBRARY

CU at Professional School

Presenters: Dr. Autumn Blackburn, Ms. Nikki Perkins, Mr. Devin Rickard, Dr. Lauren Stevens, Dr. Jaclyn Kempf

Have you thought about professional school? A panel of CU alumni will speak about their experiences at medical school, physician's assistant school, pharmacy school, and chiropractic school.

MEMORIAL HALL 203

A Brief History of Embalming and the Creation of the Modern American Funeral

Presenter: Dr. Rachael C. Bible

The presentation will cover the history of the practice of embalming, its rise in popularity during the American Civil War, and how the modern American funeral was created. Variation in funerary practices around the country will also be addressed.

Taxidermy: Oh Stuff It!

Presenter: Ms. Alison Dorris

A brief history of taxidermy will be given along with the importance of taxidermy to natural history museum collections.

MEMORIAL HALL 208

Creating Opportunity

Presenter: Mr. Carlos Tirado

The topic will be focused on entrepreneurship and the importance of getting outside experience on areas of interest.

Campaigning in College

Presenters: Ms. Haley Austin and Ms. Kayla Sanders

This presentation will discuss working on a campaign and why it is important to be involved in politics.

MEMORIAL HALL 205

From Wilson County to the American West

Presenter: Mr. Rick Bell

This will be a presentation about Wilson Countians who made impacts on the American West.

MEMORIAL HALL 202

Lifelong Aggression

Presenter: Dr. Jenny L. Mason

The presentation will review the cognitive and behavioral characteristics of bullies across the lifespan.

LABRY HALL 209

Four Senior Projects in Mathematics and Information Technology

Presenters: Mr. Nick Kelso (Dr. Bobby Nichols), Ms. Jasmine Shankar (Dr. Bobby Nichols), Ms. Joy Steves (Dr. Laurie P. Dishman), and Ms. Taylor Wagner (Dr. Will Tune)

Senior students Nick Kelso, Jasmine Shankar, Joy Steves, and Taylor Wagner will give brief summaries of their senior project research this fall.

LABRY HALL 211

The Papers of Martin Van Buren: The Student Perspective

Presenters: Dr. Mark Cheatham, Mr. Daniel Barr, Ms. Ally Johnson, and Ms. Paige Hrobsky

Three students will discuss their work on the Papers of Martin Van Buren and its importance for their career goals.

Women's Roles in Jacksonian-Era Presidential Campaigns

Presenters: Dr. Mark Cheatham

The absence of research of women's roles in the 1832 and 1836 presidential elections constitute a noticeable scholarly gap in the study of the Early Republic. This presentation addresses that shortcoming, highlighting both women's political activity, as well as the role of gender in framing some aspects of the campaigns.

MEMORIAL HALL 306

Surviving a Rattlesnake Bite

Dr. Danny Bryan

Timber rattlesnake populations are declining throughout its natural range. Once considered as a vile, deadly reptile, sentiment toward the snake is changing as more details of its life history are determined. Little is known about timber rattlesnakes in Tennessee, and this presentation provides some insight on its survival and natural history.

LABRY HALL 210

Q & A with the President and Provost

Presenters: Dr. Stumb and Dr. McKee

Have questions about CU? During this session, President Stumb and Provost McKee will be happy to answer them!

LABRY HALL 207

Academic Benefits of 3D Printing for the Classroom

Presenters: Mr. Lukas Hollis, Dr. Sarah Pierce, Dr. Julie Phillips

This presentation will describe the pros and cons of using 3D printing in the classroom as a teaching tool and recourse for students and teachers. Aimed primarily at showing what 3D printing can do for the science division and why it's something that could be applicable to the teaching curriculum.

Recycling

Presenters: Mayer Bernie Ash, Dr. Stephen Earnest

Lebanon's experience with a recycling program as told by the mayor.

LABRY HALL 117

Trust: Building and Losing

Presenter: Dr. Charles Collier

A discussion concerning research about trust.

Gun Violence and Gun Control Regulations

Presenters: Ms. Autumn Finley and Dr. Jenny Mason

This presentation describes how that the pervasive gun culture fostered in the Southern United States leads to more gun violence.

MEMORIAL HALL 204

Fly Fishing in Alaska: A CU Student's Experience as a Professional Guide

Presenters: Mr. Bryson Storie and Dr. Richard Storie

See the beauty of Alaska through the experiences of a CU Student who is a Professional Fly Fishing Guide. The presentation will be followed by a casting demonstration and an opportunity to try it yourself on the CU Quad.

LABRY HALL 115

QPR Suicide Awareness Training

Presenters: Ms. Joanne Perley with TN Suicide Prevention Network and Ms. Brenda Harper with TN Suicide Prevention Network

The QPR (Question, Persuade, Ask) program will provide training for an individual to recognize the signs, symptoms, and ways to try and help prevent Suicide among individuals. The QPR mission is to save lives and reduce suicidal behaviors by providing innovative, practical and proven suicide prevention training.

MEMORIAL HALL 206

Planning Can be Fun and Functional : Maximizing Productivity with Planners

Presenter: Ms. Amber McKee

Paper planners may seem old school, but there a number of benefits to writing things down over using technology. Join Amber as she talks about how to best use a paper planner, and bring your own planner for a fun decorating session!

MEMORIAL HALL 307

Living Well with Diabetes

Presenters: Dr. John Anderson, Ms. Fran Howard, and Mr. Bill Williams

A veteran diabetic and his care team provide different perspectives on managing this chronic disease

LABRY HALL 118

Transforming Early Childhood Education in South Korea

Presenters: Dr. Kim Finch, Dr. Stephen Finch, Mrs. Lynn Cable, M.Ed, and Dr. Penny Thompson

CU professors and Lebanon District Educators were invited to speak at the seminars for the early childhood educators in Seoul, South Korea in October, 2018. The presenters shared best practice and research for Early Childhood Education and Inclusion to empower fellow educators and to influence practice, policy and teacher preparation in South Korea.

BLACKBOX THEATER

"Some Girls Have Auras of Bright Colors" Writing the Body and Writing about Illness

Presenter: Ms. Sandee Gertz

What is it like to have your body betray you? How can one write creatively about illness and turn challenges into art? "Writing the Body" will explore Creative Writing about illness and particularly seizure disorders, though this talk is relative for any condition. A growing number of students face seizures or other health issues in adolescence and in their college life. Gertz will read excerpts of her memoir, "Some Girls Have Auras of Bright Colors," which uses humor and reflection to write about her own adolescence challenges. She will also provide ideas for students and their own writing. (You do not need to be a writer to attend.)

Session II 10:25am – 11:25 a.m.

BAIRD CHAPEL

Physiological Adaptations to Strength Training

Presenters: Mr. Kyle Harris, Mr. Jhett Cihak, Dr. Jason Grindstaff

What happens to the human body when it engages in strength training? Presentation attendees will learn how systems of the body respond to strength training and how to use this information to inform training and maximize performance.

HEYDEL AUDITORIUM

Effect of Physical Fitness on Academic Performance

Presenters: Dr. George Walker and Ms. Leigh Romkee

This presentation will discuss how students who are physically fit will do better in the academic setting.

The Forgotten Legends of Soccer

Presenter: Dr. Max Melnikov

Overview of lives, careers, and destinies of 10 forgotten superstars.

LABRY HALL 130 TIERED CLASSROOM

A Brief History of Embalming and the Creation of the Modern American Funeral

Presenter: Dr. Rachael C. Bible

The presentation will cover the history of the practice of embalming, its rise in popularity during the American Civil War, and how the modern American funeral was created. Variation in funerary practices around the country will also be addressed.

Taxidermy: Oh Stuff It!

Presenter: Ms. Alison Dorris

A brief history of taxidermy will be given along with the importance of taxidermy to natural history museum collections.

LIBRARY

Class Trip to Haiti: Socially Responsible Leadership

Presenters: Dr. Natalie Inman and several students

This presentation will enable students to talk about their experiences in Haiti and will serve as an information session for those interested in the course. I would also provide information and answer questions.

MEMORIAL HALL 203

Tennessee Plans for War

Presenters: Dr. Tara Mitchell Mielnik, Mr. Wyatt Page, and Mr. Cade Arnold

Both Old Hickory and Oak Ridge were planned communities built by the United States government in anticipation of the United States' entry into World War I and World War II. CU history faculty and students will explore the development of these two Tennessee towns in this session.

MEMORIAL HALL 208

Why Do I Care If All the Bees Die? Ask a Beekeeper.

Presenter: Dr. Eric Cummings

Overview of importance of and threats to pollinators through discussion of the hobby of beekeeping and the wonders of *apis mellifera* and their bodily by-products.

MEMORIAL HALL 205

From Wilson County to the American West

Presenter: Mr. Rick Bell

This will be a presentation about Wilson Countians who made impacts on the American West.

MEMORIAL HALL 202

Physical Activity and Mental Health

Presenters: Ms. Julia Pardue and Dr. Jenny L. Mason

This presentation focuses on the importance of physical activity and mental health.

The Relationship of Bipolar Disorder and Substance Abuse

Presenters: Ms. Jadea Sanford and Dr. Jenny L. Mason

I will discuss the meaning of Bipolar and how people who are Bipolar or are showing symptoms are at high risk of abusing substances. I will also discuss how being Bipolar or showing the symptoms can affect people in their everyday lives.

LABRY HALL 209

The Climate Reality Project

Presenters: Ms. Jennifer Novo, Ms. Courtney Vick, Ms. Jasmine Shankar, and Ms. Stefanie Ortega

The United Nations has identified that, "Climate change is one of the major challenges of our time and adds considerable stress to our societies and to the environment." Climate Change is the most critical issue of this generation. This Climate Reality Project presentation will educate you on the causes of climate change, provide evidence on how it affects every level of society, demonstrate what we are doing about it, and give examples of what you can do to become a leader in the fight for a cleaner and more sustainable future.

LABRY HALL 211

The Papers of Martin Van Buren: The Student Perspective

Presenters: Dr. Mark Cheatham, Mr. Daniel Barr, Ms. Ally Johnson, and Ms. Paige Hrobsky

Three students will discuss their work on the Papers of Martin Van Buren and its importance for their career goals.

Women's Roles in Jacksonian-Era Presidential Campaigns

Presenters: Dr. Mark Cheatham

The absence of research of women's roles in the 1832 and 1836 presidential elections constitute a noticeable scholarly gap in the study of the Early Republic. This presentation addresses that shortcoming, highlighting both women's political activity, as well as the role of gender in framing some aspects of the campaigns.

MEMORIAL HALL 306

Surviving a Rattlesnake Bite

Dr. Danny Bryan

Timber rattlesnake populations are declining throughout its natural range. Once considered as a vile, deadly reptile, sentiment toward the snake is changing as more details of its life history are determined. Little is known about timber rattlesnakes in Tennessee, and this presentation provides some insight on its survival and natural history.

LABRY HALL 210

Pow..Zing..Ouch! Incivility in Higher Education

Presenters: Dr. Marcia Barnes and Dr. Joy Kimbrell

Prevalence and indicators of incivility in higher education will be discussed. Proposed solutions will be covered.

LABRY HALL 207

Sustainability and Reforestation

Presenters: Mr. John McFadden, CEO of TN environmental council and Dr. Stephen Earnest

The role of re-establishing forests in a larger sustainability program will be discussed.

LABRY HALL 117

Trust: Building and Losing

Presenter: Dr. Charles Collier

A discussion concerning research about trust.

Reformation Filth: the Rhetoric of Sexual Corruption, Heresy and Judaism during the English Reformation

Presenter: Dr. Sean Benjamin Bortz

In this talk, Professor Bortz provides examples of the harsh language between Protestants and Catholics during the Reformation in England and reveals how such slander played a critical role in the struggle for true religion.

MEMORIAL HALL 204

Wilderness Survival Skills

Presenter: Ms. Peg Fredi

This presentation would be a brief instruction of survival skills in the wilderness or in the event of a disaster.

LABRY HALL 115

QPR Suicide Awareness Training

Presenters: Ms. Joanne Perley with TN Suicide Prevention Network and Ms. Brenda Harper with TN Suicide Prevention Network

The QPR (Question, Persuade, Ask) program will provide training for an individual to recognize the signs, symptoms, and ways to try and help prevent Suicide among individuals. The QPR mission is to save lives and reduce suicidal behaviors by providing innovative, practical and proven suicide prevention training.

MEMORIAL HALL 301

Embroidery: Coloring with Thread

Presenter: Dr. Julie Baker Phillips

In this workshop, students will learn some simple stitches to complete their first embroidery project.

MEMORIAL HALL 307

What is Your "Hermeneutic"?

Presenter: Chaplain Mike Ripski

This presentation will look at why we see things differently. It's due to our hermeneutic.

LABRY HALL 118

Culturally Responsive Teaching

Presenter: Dr. Roshanda Odom

This presentation will introduce and explain the importance of being aware of cultural differences and race relations in teaching and learning. It's important not to make culture and race the "big elephant" in the room.

BLACKBOX THEATER

Pop-Up Books: Child's Play or Works of Art? A Brief History and Discussion

Presenter: Dr. Sara Hays

This presentation will provide a brief history of pop-up books and other movable books, including examples of different techniques and notable "paper engineers," followed by a discussion of pop-up books' cultural position and literary function.

Session III 11:40 a.m. – 12:40 p.m.

BAIRD CHAPEL

Jack Hays, Texas Ranger

Presenter: Mr. Rick Bell

Jack Hays, a native of Wilson County, moved to Texas and became a legendary Texas Ranger. This will be a presentation about his life.

An American Thanksgiving

Presenter: Dr. Tara Mitchell Mielnik

Why do Americans celebrate Thanksgiving? How did Thanksgiving get started as an official American holiday? How has it changed over the years? This presentation will explore the history of American Thanksgiving and the cultural symbols that have become associated with the holiday celebration.

HEYDEL AUDITORIUM

The World Comes to Cumberland

Presenters: Mrs. Jennifer Novo, Ms. Courtney Vick, Ms. Pace Pope, Ms. Jasmine Shankar, Mr. Binh Ngo, Ms. Ashley Kambeitz, Mr. Marty Owens, Ms. Faith Schleichauf, Ms. Gisela Amor Garcia, Ms. Joana Bou Barcelo, Mrs. Luca Joens

Cumberland University is a diverse community, where students are represented from 38 different nations. The international students at Cumberland University share their views on their experiences in America and how their lives differ abroad. Learn about other cultures and how we are all part of a global community.

LABRY HALL 130 TIERED CLASSROOM

Criminal Profiling

Presenter: Mr. Brian Harbaugh

This presentation will discuss the details of criminal profiling.

LIBRARY

How to Change the World on a Budget

Presenter: Mr. Jason Hale

If you desire to help those in poverty, but think money is the only answer, you may want to ask yourself, "Am I missing something?" This presentation is designed to help you better understand poverty, and how some of the most valuable ways to help are often the last things we think of.

MEMORIAL HALL 203

Math & Music: How it Connects and Why That is Important

Presenter: Mr. Lain Tomlinson

From Basic Algebra all the way up to advanced math topics, the intertwining of math and music is evident. This overlap can be used to build interdisciplinary work and help with teaching mathematical concepts to different groups of students.

Roll for Initiative! A Brief Introduction to Dungeons and Dragons

Presenter: Dr. Will Tune

In this presentation, I will give a brief overview of Dungeons and Dragons and other table top role playing games. This will include discussing the basics of playing these types of games, examples of different types of games, as well as give students a chance to meet others who might be interested in forming their own gaming groups.

MEMORIAL HALL 208

Why Do I Care If All the Bees Die? Ask a Beekeeper.

Presenter: Dr. Eric Cummings

Overview of importance of and threats to pollinators through discussion of the hobby of beekeeping and the wonders of *apis mellifera* and their bodily by-products.

MEMORIAL HALL 205

Launching Your Daydreams

Ms. Amber Freeland

The experiences, people and daydreams of your life are meant to be used to propel your future. Celebrate where you have come from and what you have risen above by making your dreams into a reality.

MEMORIAL HALL 202

The End of the Chromosome: Why We Age to Prevent Cancer.

Presenter: Dr. Laura Bechard

Telomeres, the end of linear chromosomes, are extremely important in cancer formation and in the processes leading to aging. Why would it be essential to age in order to prevent cancers?

Dyslexia

Presenters: Ms. Carmellita Johnson and Dr. Jenny Mason

This presentation will discuss how dyslexia affects students learning abilities.

LABRY HALL 209

Botticelli, 20 Questions, Charades and Celebrity: Lifelong (fun) Learning

Presenter: Dr. Robert Nichols

An interactive, fun learning experience focused on parlor games.

LABRY HALL 211

Gifts of the Greeks-Rules of the Romans

Presenters: Dr. Larry Menefee and Dr. Stephen Finch

This presentation will discuss the impact and application of Greek and Roman philosophy.

MEMORIAL HALL 306

Experiential Education in New Mexico

Presenter: Dr. Fred Heifner

This presentation will discuss information about earning 3 credit hours in one of six disciplines, on-site in New Mexico in May 2019.

Latin American Crafts: Make a Piñata!

Dr. Cheryl Bevill

In this presentation there will be a discussion and demonstration on how to make a piñata.

LABRY HALL 210

Crying in Women as a Result of the Personal Stress of an Emotional Crisis

Presenter: Dr. Mary Bess Griffith

I will be presenting my findings of my dissertation study which was a grounded theory inquiry into the process of crying in women who are experiencing an emotional crisis. A theoretical model was developed based on the experiences of these women describing crying as a process necessary for problem solving to occur in an emotional crisis.

LABRY HALL 207

Sustainability

Presenters: Mr. Dodd Galbreath and Dr. Stephen Earnest

Overview of sustainability by the director of the program at Lipscomb University.

LABRY HALL 117

Thinking Humans, Thinking Machines: How Neuroscience and Computers Help Us Learn About Learning

Presenter: Dr. Joshua L. Phillips

Your brain is an intricate network of cells which can observe, investigate, and reason about the world in a unique and robust way. Get to know your own mind a little better while we explore some unique parts of the brain and see how these parts work together to provide a "working memory system". Then see how building computer programs inspired this unique architecture allows computers to solve otherwise impossible tasks.

MEMORIAL HALL 204

Integrating Music into the Elementary Curriculum

Presenter: Mr. Adron Ray

A brief overview of how to use and incorporate music in the elementary curriculum with the purpose of creating engaging and effective lessons.

Sex and Marriage in Nineteenth Century Cherokee Political Relations.

Presenter: Dr. Natalie Inman

This talk discusses how marriage and sexuality played a crucial role in the interactions between Cherokees and non-Cherokees. It is part of my larger study on intercultural interactions and marriages in Early America.

LABRY HALL 115

QPR Suicide Awareness Training

Presenters: Ms. Joanne Perley with TN Suicide Prevention Network and Ms. Brenda Harper with TN Suicide Prevention Network

The QPR (Question, Persuade, Ask) program will provide training for an individual to recognize the signs, symptoms, and ways to try and help prevent Suicide among individuals. The QPR mission is to save lives and reduce suicidal behaviors by providing innovative, practical and proven suicide prevention training.

MEMORIAL HALL 301

Embroidery: Coloring with Thread

Presenter: Dr. Julie Baker Phillips

In this workshop, students will learn some simple stitches to complete their first embroidery project.

MEMORIAL HALL 307

What is Your "Hermeneutic"?

Presenter: Chaplain Mike Ripski

This presentation will look at why we see things differently. It's due to our hermeneutic.

LABRY HALL 118

Student Engagement in Online Learning

Presenters: Dr. Melissa Somerville and Ms. Nicole Powell

This presentation is about how to engage students interest in online courses, increase the motivation to learn, and keep their interest as they progress through courses and programs.

BLACKBOX THEATER

Travels with Dad: A One Man Show

Presenter: Dr. Michael Rex

This is part of a larger play that I am currently working on. I have altered it a bit to be a one person show for this presentation.

Publishing 101 for Creative Writers

Presenter: Ms. Kerry Ann Moore

The staff of the new CU literary and arts journal will make a presentation on publishing tips for beginning creative writers.
