One of the most important aspects of college is earning your degree.

At CU, our curriculum blends traditional liberal arts values with modern practical approaches. We provide our students with a well-rounded background in a variety of subjects ranging from the humanities to the sciences.

Whether you want to impact the next generation as a teacher, care with confidence in healthcare, or be a pioneer in tomorrow's top industries, we take your success personally and help you rise academically to prepare you for a fulfilling career.

You can access the Library webpage by scrolling down on the Academics webpage and clicking here.

Library

The Vise Library houses numerous resources including, 40,000+ volumes plus an additional 45,000 full-text ebooks. Students have access to an inter-library service where you can check out books from other libraries for free. Beyond resources, databases and archives, the library also provides a computer lab and individual computer stations for studying and completing assignments. You'll also have access to conference rooms, private study rooms, and meeting spaces to study and work with your classmates.
