## LPN to BSN

Cumberland University offers a unique pathway designed specifically for licensed practical nurses (LPN) to earn a Bachelor of Science in Nursing (BSN) by leveraging the knowledge and skills they have already gained through practice.

Courses will supplement what LPNs have learned in the field in preparation for a career as a Bachelor's prepared nurse (BSN). Students will take nursing courses in the first semester, along with the necessary prerequisite classes.

APPLY NOW FOR FALL 2023!

**Complete in as few as 4 semesters\***

**Hybrid nursing courses with asynchronous online learning modules**

**Flexible with part-time options**

**Credit awarded for knowledge gained from student's LPN program**

\*length of program is dependent upon the number of prerequisites already completed.
